# 2020 Winter Camp Program Updates

“This information will be covered at our pre-camp meeting on Wednesday September 30, 2020.”

Unit Leaders,

We are excited that your unit has decided to attend the Pine Burr Area Councils 2020 Winter Camp. As most are aware, the leaders guide for this year's event was sent out back in July and units have begun reserving their spot to attend what will be a great event. Since our original publication, we have been working with our council's program committee to ensure that we have the best program available and overcome the challenges of 2020. Below are some key updates to keep you informed and to help in your units planning process. We are excited for a great event and are glad that your unit will be joining us.

- Upon arrival to camp every participant, (youth and adult) will be asked a list of questions and have temperature checked.
- Every morning, Scoutmasters are to complete a morning wellness check and submit to camp staff.
- Mask should be worn outside of the campsite, by all participants
- All meal ingredients will be provided:
  - o Breakfast and Dinner will be picked up and cooked in the campsites.
    - Each unit will need two 48-quart coolers with troop # on them Breakfast and Dinner.
    - Each unit will need to provide its own cooking supplies (spices and cooking utensils) and eating utensils.
  - o Lunch will be a pre-packaged meal picked up individually at the Dining Hall.
- There will be activities available, but the GAGA Ball pit will be closed.
- Anyone Checking-In or out of Camp must do so at the Administration Building.
- Hand Sanitizer and Handwashing Stations will be provided in each campsite.
- Cabins will not be available for use during camp.

If at any point you have any questions, please let us know.

Sincerely,

Micah Huffman  
Camp Director

Mike Myers  
Program Director

## A Message from the Program Director

Welcome to Camp Tiak! Enclosed in this year's Camp Leaders' Guide is a comprehensive program that should be fun and enjoyable for everyone who attends. We have new programs for both scouts and leaders who attend camp that will benefit them not only through winter camp, but through the troops "scouting year" as a whole.

There have been several changes to the camp leaders' books of the past, so it's important that you read everything in this leaders' guide to gain all the benefits for you and your troop. We hope that you have a great camping experience this winter and that Camp Tiak will be the camping experience that will be talked about all year.

*Yours in Scouting,*

*Mike Myers*

*Program Director*

## Mission Statement

The mission of the Pine Burr Area Council and the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

## Scout Oath

*On my honor I will do my best  
To do my duty to God and my  
country  
and to obey the Scout Law;  
To help other people at all times;  
To keep myself physically strong,  
mentally awake, and morally  
straight.*

## Scout Law

*A Scout is trustworthy, loyal,  
helpful, friendly, courteous, kind,  
obedient, cheerful, thrifty, brave,  
clean, and reverent.*

## Motto

Every member of your troop who attends Camp Tiak Winter Camp will learn the benefit of the Boy Scouts of America's motto:

*Be prepared.*

# Registration Information

## Dates

Friday November 20<sup>th</sup> through Wednesday November 25<sup>th</sup> with merit badge instruction taking place Saturday-Tuesday

## Who Can Attend?

Boys or girls registered in a Scouts BSA troop (ages 11 & up) and any adults registered with the Boy Scouts of America

## Troop Fees

Campsite Reservation Deposit	\$50
------------------------------	------

## Participant Fees

Scouts/Ventures	\$125
Additional Leaders (2 Leaders Complimentary)	\$40
Bunkhouse Rental	\$5 (per person, per night)

## Campsite Capacities

Apache	28
Cherokee	24
Choctaw	28
Delaware	20
Iroquois	28
Mohican	26
Navajo	20
Osage	20
Seminole	28
Shawnee	20
Sioux	44

## Registering for Camp

Step 1	Contact Council Service Center at <b>(601) 582-2326</b> OR email <b>Tabitha.Lester@Scouting.org</b> to pay \$50 deposit and reserve campsite
Step 2	Register for merit badge classes beginning October 1
Step 3	Submit all other required forms to Council Service Center before Winter Camp begins

**Cheyenne has been designated as the required campsite for female Scouts**

**TENTS ARE NOT PROVIDED – BRING YOUR OWN TENTS!!**

# 2020 WINTER CAMP

## HIGHLIGHTS

First Year Camper Program	Online Merit Badge Registration	Supplemental Programs
<ul style="list-style-type: none"><li>• Dan Beard Patrol offers advancement opportunities for Scouts working on Tenderfoot, Second Class, and First Class rank requirements.</li><li>• Program is conducted within Camp Melvin Evans (formerly Crow campsite).</li></ul>	<ul style="list-style-type: none"><li>• Beginning October 1, units will be able to register Scouts for merit badge classes on the Council website.</li><li>• Units are encouraged to register online to ensure classes do not become overloaded and to make the overall experience better for units and staff.</li></ul>	<ul style="list-style-type: none"><li>• Mississippi Hunter Education will be offered this year, and Scouts can become certified while at camp (see <i>page 12 for qualifications</i>).</li><li>• IOLS (Introduction to Outdoor Leader Specific) and RSO (Range Safety Officer) certification will be offered to adults.</li></ul>

**Didn't get a chance to create a directional arrow at Summer Camp?**

**Your troop will have the opportunity to create a Winter Camp edition arrow!**

\*Tentative based on instructor availability

# Merit Badge Descriptions

## Art

• This merit badge concentrates on two-dimensional art, specifically drawing and painting in various media, including an introduction to design applications in the fields of graphic arts and industrial design, history and design principles, and how these fields relate to fine art.

## Astronomy

• In learning about astronomy, Scouts study how activities in space affect our own planet and bear witness to the wonders of the night sky: the nebulae, or giant clouds of gas and dust where new stars are born; old stars dying and exploding; meteor showers and shooting stars; the moon, planets, and a dazzling array of stars.

## Automotive Maintenance

• Those who service automobiles must understand each principle, and how these principles interact to provide smooth, efficient performance. Owners of cars also benefit by understanding how their vehicles operate. This enables them to understand why certain periodic maintenance is required to keep their vehicles in tip-top shape.

## Backpacking

• Earning the Backpacking merit badge will be demanding but rewarding. Scouts will learn what equipment to carry on their backs and what knowledge to have in their heads. In addition, Scouts will discover how to protect the environment by traveling and camping without leaving a trace. By mastering the basics of backpacking, Scouts will develop an even deeper respect for the outdoors.

## Basketry

• Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

## Chess

• Chess is an exercise of infinite possibilities for the mind, one which develops mental abilities used throughout life: concentration, critical thinking, abstract reasoning, problem solving, pattern recognition, strategic planning, creativity, analysis, synthesis, and evaluation, to name a few. Through chess, we learn how to analyze a situation by focusing on important factors and by eliminating distractions.

### Citizenship in the Nation

- As Scouts fulfill the requirements for this merit badge, they will learn how to become active citizens are aware of and grateful for their liberties and rights, to participate in their governments and protect their freedom, helping to defend their country and standing up for individual rights on behalf of all its citizens.

### Citizenship in the World

- Scouts who earn the Citizenship in the World merit badge will discover that they are already citizens of the world. How good a world citizen each person is depends on his willingness to understand and appreciate the values, traditions, and concerns of people in other countries.

### Collections

- Collecting can be an educational and financially rewarding pastime; a collector must educate himself about a specific subject, be able to tell which items are worth preserving, how to catalog and organize his collection, and how to evaluate the value of items.

### Communication

- This clear and concise definition comes from the U.S. Department of Education: "Communication focuses on how people use messages to generate meanings within and across various contexts, cultures, channels, and media. The field of communication promotes the effective and ethical practice of human communication."

### Electricity

- Electricity is a powerful and fascinating force of nature. As early as 600 BC, observers of the physical world suspected that electricity existed but did not have a name for it. In fact, real progress in unraveling the mystery of electricity has come only within the last 250 years.

### Emergency Preparedness

- Scouts are often called upon to help because they know first aid and they know about the discipline and planning needed to react to an emergency situation. Earning this merit badge helps a Scout to be prepared by learning the actions that can be helpful and needed before, during, and after an emergency.

### Environmental Science

- While earning the Environmental Science merit badge, Scouts will get a taste of what it is like to be an environmental scientist, making observations and carrying out experiments to investigate the natural world.

### Family Life

- The family is the basic unit of society and is important to both individuals and communities. The world is rapidly changing, making today's society much more complex than ever before. As Scouts earn this merit badge, they will realize why it is important to know more about family life and how to strengthen their families.

### Farm Mechanics

- From the mattock and hoe to the horse and mule, the cotton gin and reaper, the tractor and air seeder—this is the story of farm equipment. Today, most farms are mechanized and farmers can do most of their own maintenance work and make the adjustments needed on their many intricate farm implements.

### First Aid

- First aid — caring for injured or ill persons until they can receive professional medical care — is an important skill for every Scout. With some knowledge of first aid, a Scout can provide immediate care and help to someone who is hurt or who becomes ill. First aid can help prevent infection and serious loss of blood. It could even save a limb or a life.

### Game Design

- **WHETHER IT'S CAPTURE** the flag on campouts, tic-tac-toe in the lunchroom or World of Warcraft back home, virtually every Scout plays games. Scouts can earn a merit badge for playing games — and for creating their own. The Game Design merit badge teaches planning and critical-thinking skills, while introducing Scouts to an industry that's bigger than Hollywood.

### Law

- Earning this merit badge enables a Scout to learn about the history and kinds of laws, the purpose and methods of law enforcement, consumer protection agencies, emerging law, and careers in the legal profession.

### Orienteeering

•Orienteeering, the use of map and compass to find locations and plan a journey, has been a vital skill for humans for thousands of years. Orienteeering is also a recognized sport at the Olympic Games, and thousands of people participate in the sport each year in local clubs and competitions.

### Personal Fitness

•Personal fitness is an individual effort and desire to be the best one can be. Regardless of their current levels of personal fitness, in the twelve weeks it will take Scouts to complete the athletic requirements for this merit badge, they will be in better shape, feel better about themselves, have more energy, and gain self-confidence in their overall abilities.

### Personal Management

•Personal management is about mapping a plan for your life that will involve setting short-range and long-range goals and investigating different ways to reach those goals. Education, training, and experience all help make your goals become a reality. To achieve your goals, you will choose the best path and make a commitment to it, while remaining flexible enough to deal with changes and new opportunities.

### Rifle

•Scouts will learn the parts of the rifle, how to properly and safely use one, and how to care for the rifle. Scouts must also be able to pass the shooting qualification to earn the merit badge.

### Robotics

•Earning the Robotics merit badge requires a Scout to understand how robots move, sense the environment, and understand what to do.

### Scouting Heritage

•"If I have seen further, it is by standing on the shoulders of giants." Isaac Newton wrote that in 1676; in 2016, the Scouting Heritage merit badge lets Scouts look further as well.  
•It introduces them to giants of Scouting like Robert Baden-Powell, Daniel Carter Beard, Waite Phillips and more. It helps Scouts claim their own place in Scouting history.

### Search & Rescue

•Scouts aiming to earn the Search and Rescue merit badge will first learn the important differences between a search and rescue. A search is an emergency situation requiring a team of trained searchers to locate, access, stabilize, and transport a lost person to safety. A rescue is an emergency situation where the person's location is known but he or she must be removed from danger and returned to safety.

### Space Exploration

- Space is mysterious. We explore space for many reasons, not least because we don't know what is out there, it is vast, and humans are full of curiosity. Each time we send explorers into space, we learn something we didn't know before. We discover a little more of what is there.

### Veterinary Medicine

- The field of veterinary medicine in the 21st century is one of the most exciting medical professions in which to work. The skills of a veterinarian are practiced with cutting-edge technology and treatment options, and the profession offers a wide range of career choices.

### Welding

- Scouts will learn the proper techniques used when welding metal. Scouts will also have the opportunity to try out these new skills.

### Wilderness Survival

- In their outdoor activities, Scouts learn to bring the clothing and gear they need, to make good plans, and do their best to manage any risks. But now and then, something unexpected happens. When things go wrong, the skills of wilderness survival can help make everything right again.

## Mississippi Hunter Education Certification

- Hunter Education works. Since 1950, when formal hunter safety programs were introduced, the number of hunting and firearms-related accidents has declined dramatically nationwide. In Mississippi, we know that our hunter education efforts have reduced firearms accidents and saved lives. The hunter education course includes 10 hours of instruction. To obtain hunter education certification, students must be at least 10 years of age and must attend all classroom hours and pass the written exam.
- All persons born after January 1, 1972 are required to complete a hunter education course before purchasing a Mississippi hunting license. Also, effective July 1, 2000, anyone twelve (12) years of age and under sixteen (16) years of age must have a certificate of satisfactory completion of a hunter education course approved by the Department before hunting alone in this state.

## First Year Camper Program

- This program will give your Scouts an opportunity to participate in advancement opportunities while at camp. Each Scout in the FYCP will learn the basic skills that all Scouts must master to become proficient in camping and outdoors activities.
- FYCP will be a comprehensive outdoor program. While designed for Scouts who are new to Scouting, any Scouts attending winter camp for the first time and are not yet a First Class Scout should consider joining in on the fun and work toward completing those final requirements for the Scout, Tenderfoot, Second Class, or First Class ranks. After completing the FYCP session each day, Scouts will have the opportunity to earn merit badges.

## Camp Tiak Winter Camp Daily Schedule

Friday, November 20, 2020

1:00 p.m. to 4:00 p.m. – Troop Check-In

5:45 p.m. – Flag Lowering and Supper

## 2020 Winter Camp Overview

In response to the challenging times we are experiencing during the COVID-19 Pandemic, the following procedures are being added to protect participants at this winter.

**Activity Screening Form** – A form for each scout must be completed before attending Camp Tiak Winter Camp. Please see attached.

**Bathroom Areas** – Sanitizer will be supplied to each campsite for cleaning the bathroom area on a regular basis. It is recommended that each Scout clean the area after use.

**Duty Roster** – Please find five copies attached. Please emphasize health and safety,

**Masks** – Masks will be supplied for each participant at Winter Camp. All participants are required to wear a mask when they are outside their camping area. Troops may determine their own guidance within their campsite.

**Meals** – Food for meals will be supplied to each campsite for breakfast and supper. Each individual scout will be served lunch through the Mess Hall as a grab-and-go sack lunch each day.

Breakfast Supply Pickup	– 6:15 a.m.
Lunch Grab-and-Go	- 12:00 noon
Supper Supply Pickup	– 5:45 p.m.

**Pre-Activity Checklist** – Please find five copies attached. This form must be completed daily and turned when you pick up your breakfast supplies.

13

There are some items that you may just prefer supplying for your child.

- One-week supply of personal hand sanitizer – Camp Tiak will supply hand sanitizer for each campsite
- One-week supply of disinfectant wipes – Camp Tiak will supply disinfectant for each campsite
- Personal, reusable face mask – Camp Tiak will supply masks, however, Scout may a favorite mask
- Personal tent
- Camp chair

14

# Camp Policies

## CHECK IN PROCEDURES

Check in will start at 1:00 pm Friday and end at 10:00 am Saturday; scoutmasters should be ready to complete the check in procedures upon arrival. Check in will be completed at the administration building which is located next to the main parking lot. Troop leaders should have a final count of the members attending camp, merit badge schedules, medical forms, and a written explanation of any scout who has any special medical needs. Medical re-checks will be conducted by trained medical personnel prior to any Scout being allowed to participate in any camp program.

## RAIN PLANS

As long as your youth have a dry change of clothing, your activities need not be confined indoors in bad weather. Some program areas are closed for safety reasons. Check with the appropriate department to be sure. Ideas for a rainy day: woodcarving, soap carving, "bone-up" on advancement, games with paper and pencil, wet weather fire building, etc. The camp program goes on, rain or shine!

## BUDDY SYSTEM

For safety, the buddy system is used at all times throughout camp. This is very important and will be enforced at all times. Leaders are asked to be sure each Scout understands the operation of the Buddy System and plan accordingly.

## TRAILERS

Upon arrival at Camp, troops with an equipment trailer will be allowed to tow them into their campsite. No vehicles are to remain in the campsite. It is recommended that all other gear is to be "packed in" by the youth in the unit. Parking is available in main parking lot. **NO private vehicles are allowed on camp roads.**

## LEADERSHIP IN CAMP

All units are required to have two adult leaders in camp at all times. This is a National Council standard/requirement. All leaders must be registered members of the Boy Scouts and meet the membership qualifications of the BSA. The Troop Scoutmaster must be at least 21 years of age, Assistant Scoutmasters must be at least 18 years of age or older.

### *TWO DEEP LEADERSHIP*

Troops that cannot meet the requirement of two-deep leadership will be placed into campsites with another troop to meet this requirement. In the event you are unable to have two adult leaders in camp, Scoutmasters should contact the Camp Director so that arrangements can be made to camp your troop with another troop with the same challenge.

### *PHONE USAGE*

There is no phone service in camp. Please call your Scout Leaders' cell phone or leave a message on the Camp Director's phone at 601-310-5625.

### *FACILITIES FOR THE PHYSICALLY CHALLENGED*

Sioux Campsite is a barrier free site at Camp Tiak. It will accommodate up to 40 physically challenged scouts and adult leaders. It is conveniently located near the dining facility. Troops with special-need scouts are given priority in reserving this site.

### *CHECK-OUT*

On Wednesday morning, each troop will be required to check-out prior to leaving Camp Tiak. The following steps will assist you in making sure

everything has been completed prior to departing camp. Each staff-assigned Troop Guide will assist the unit in completing the check-out procedures. Those procedures are:

1	A complete inspection of the campsite will be conducted to ensure that the camp equipment is returned in the same condition as when the troop arrived.
2	All trash will be bagged using the trash bags provided and placed in the dumpsters behind the Dining Hall.
3	The Scoutmaster and Senior Patrol Leader must come to the administration building to collect medical forms, Camp Tiak Winter Camp Special Patches, and turn in camp evaluation forms.
4	Troops should be packed and ready to depart Camp Tiak by 10:30 am on Wednesday morning.

### *HEALTH AND SAFETY*

All Scouts and leaders attending camp must have a physical examination before arriving at camp. Mississippi State law requires Health and Physical Record be updated annually for those scouts and leaders under the age of 40. This form is available through the Council

## HOUSING

Tents will not be provided. All troops need to bring their own tents.

Youth members will not be allowed to sleep in the bunkhouses. Adults are permitted to sleep in them but are HIGHLY encouraged to sleep in tents. Bunkhouses are located in Sioux (2), Choctaw (1), Osage (1), Cherokee (1), and Cheyenne (1).

See you at Winter Camp!

Forms and additional information are located at:

***[pineburrscouts.org/wintercamp](http://pineburrscouts.org/wintercamp)***

Additional information and policies may be released as Winter Camp draws near.

# Part A: Informed Consent, Release Agreement, and Authorization

Full name: \_\_\_\_\_

Date of birth: \_\_\_\_\_

High-adventure base participants:

Expedition/crew No.: \_\_\_\_\_

or staff position: \_\_\_\_\_

## Informed Consent, Release Agreement, and Authorization

I understand that participation in Scouting activities involves the risk of personal injury, including death, due to the physical, mental, and emotional challenges in the activities offered. Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.

In case of an emergency involving me or my child, I understand that efforts will be made to contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§ 160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.

With appreciation of the dangers and risks associated with programs and activities, on my own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.

I also hereby assign and grant to the local council and the Boy Scouts of America, as well as their authorized representatives, the right and permission to use and publish the photographs/film/videotapes/electronic representations and/or sound recordings made of me or my child at all Scouting activities, and I hereby release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all liability from such use and publication. I further authorize the reproduction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said photographs/film/videotapes/electronic representations and/or sound recordings without limitation at the discretion of the BSA, and I specifically waive any right to any compensation I may have for any of the foregoing.

*Every person who furnishes any BB device to any minor, without the express or implied permission of the parent or legal guardian of the minor, is guilty of a misdemeanor. (California Penal Code Section 19915(a)) My signature below on this form indicates my permission.*

I give permission for my child to use a BB device. (Note: Not all events will include BB devices.)

Checking this box indicates you DO NOT want your child to use a BB device.

**NOTE:** Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.

List participant restrictions, if any: \_\_\_\_\_

None

I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/or eliminate the opportunity for participation in any event or activity. If I am participating at Philmont Scout Ranch, Philmont Training Center, Northern Tier, Sea Base, or the Summit Bechtel Reserve, I have also read and understand the supplemental risk advisories, including height and weight requirements and restrictions, and understand that the participant will not be allowed to participate in applicable high-adventure programs if those requirements are not met. The participant has permission to engage in all high-adventure activities described, except as specifically noted by me or the health-care provider. If the participant is under the age of 18, a parent or guardian's signature is required.

Participant's signature: \_\_\_\_\_ Date: \_\_\_\_\_

Parent/guardian signature for youth: \_\_\_\_\_ Date: \_\_\_\_\_

(If participant is under the age of 18)

### Health History

Do you currently have or have you ever been treated for any of the following?

Yes	No	Condition	Explain
		Diabetes	Last HbA1c percentage and date: _____ Insulin pump: Yes <input type="checkbox"/> No <input type="checkbox"/>
		Hypertension (high blood pressure)	
		Adult or congenital heart disease/heart attack/chest pain (anginal)/heart murmur/coronary artery disease. Any heart surgery or procedure. Explain all "yes" answers	
		Family history of heart disease or any sudden heart-related death of a family member before age 50.	
		Stroke/TIA	
		Asthma/reactive airway disease	Last attack date: _____
		Lung/respiratory disease	
		COPD	
		Ear/eyes/nose/sinus problems	
		Muscular/skeletal condition/muscle or bone issues	
		Head injury/concussion/TBI	
		Altitude sickness	
		Psychiatric/psychological or emotional difficulties	
		Neurological/behavioral disorders	
		Blood disorders/sickle cell disease	
		Fainting spells and dizziness	
		Kidney disease	
		Seizures or epilepsy	Last seizure date: _____
		Abdominal/stomach/digestive problems	
		Thyroid disease	
		Skin issues	
		Obstructive sleep apnea/sleep disorders	CPAP: Yes <input type="checkbox"/> No <input type="checkbox"/>
		List all surgeries and hospitalizations	Last surgery date: _____
		List any other medical conditions not covered above	

## Part B2: General Information/Health History

Full name: \_\_\_\_\_

Date of birth: \_\_\_\_\_

High-adventure base participants:

Expedition/crew No.: \_\_\_\_\_

or staff position: \_\_\_\_\_

### Allergies/Medications

DO YOU USE AN EPINEPHRINE  YES  NO

DO YOU USE AN ASTHMA RESCUE  YES  NO

AUTOINJECTOR? Exp. date (if yes) \_\_\_\_\_

INHALER? Exp. date (if yes) \_\_\_\_\_

Are you allergic to or do you have any adverse reaction to any of the following?

Yes	No	Allergies or Reactions	Explain	Yes	No	Allergies or Reactions	Explain
		Medication				Plants	
		Food				Insect bites/stings	

List all medications currently used, including any over-the-counter medications.

Check here if no medications are routinely taken.  If additional space is needed, please list on a separate sheet and attach.

Medication	Dose	Frequency	Reason

YES  NO Non-prescription medication administration is authorized with these exceptions: \_\_\_\_\_

Administration of the above medications is approved for youth by:

\_\_\_\_\_  
Parent/guardian signature

\_\_\_\_\_  
MO/DO, NP, or PA signature (if your state requires signature)

Bring enough medications in sufficient quantities and in the original containers. Make sure that they are NOT expired, including inhalers and EpiPens. You SHOULD NOT STOP taking any maintenance medication unless instructed to do so by your doctor.

### Immunization

The following immunizations are recommended. Tetanus immunization is required and must have been received within the last 10 years. If you had the disease, check the disease column and list the date. If immunized, check yes and provide the year received.

Yes	No	Had Disease	Immunization	Date(s)
			Tetanus	
			Perussis	
			Diphtheria	
			Measles/mumps/rubella	
			Polio	
			Chicken Pox	
			Hepatitis A	
			Hepatitis B	
			Meningitis	
			Influenza	
			Other (i.e., Hib)	
			Exemption to immunizations (form required)	

Please list any additional information about your medical history:

# Part C: Pre-Participation Physical

This part must be completed by certified and licensed physicians (MD, DO), nurse practitioners, or physician assistants.

Full name: \_\_\_\_\_

Date of birth: \_\_\_\_\_

<b>High-adventure base participants:</b> Expedition/crew No.: _____ or staff position: _____
--

 You are being asked to certify that this individual has no contraindication for participation in a Scouting experience. For individuals who will be attending a high-adventure program, including one of the national high-adventure bases, please refer to the supplemental information on the following pages or the form provided by your patient. You can also visit [www.scouting.org/health-and-safety/ahmr](http://www.scouting.org/health-and-safety/ahmr) to view this information online.

Please fill in the following information:

	Yes	No	Explain
Medical restrictions to participate			

Yes	No	Allergies or Reactions	Explain
		Medication	
		Food	

Yes	No	Allergies or Reactions	Explain
		Plants	
		Insect bites/stings

Genitalia/hernia			
Musculoskeletal			
Neurological			
Skin issues			
Other			

## Examiner's Certification

I certify that I have reviewed the health history and examined this person and find no contraindications for participation in a Scouting experience. This participant (with noted restrictions):

True	False	Explain
		Meets height/weight requirements.
		Has no uncontrolled heart disease, lung disease, or hypertension.
		Has not had an orthopedic injury, musculoskeletal problems, or orthopedic surgery in the last six months or possesses a letter of clearance from his or her orthopedic surgeon or treating physician.
		Has no uncontrolled psychiatric disorders.
		Has had no seizures in the last year.
		Does not have poorly controlled diabetes.
		If planning to scuba dive, does not have diabetes, asthma, or seizures.

Examiner's signature: \_\_\_\_\_ Date: \_\_\_\_\_

Examiner's printed name: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP code: \_\_\_\_\_

Office phone: \_\_\_\_\_

### Height/Weight Restrictions

If you exceed the maximum weight for height as explained in the following chart and your planned high-adventure activity will take you more than 30 minutes away from an emergency vehicle/accessible roadway, you may not be allowed to participate.

Maximum weight for height:

Height (inches)	Max. Weight	Height (inches)	Max. Weight	Height (inches)	Max. Weight	Height (inches)	Max. Weight
60	166	65	195	70	226	75	260
61	172	66	201	71	233	76	267
62	178	67	207	72	239	77	274
63	183	68	214	73	246	78	281
64	189	69	220	74	252	79 and over	295

Senior Patrol Leaders to  
Use

## Two Boys A Parable of Friendship and Wisdom in the Woods

Deep in the woods of Camp Tiak long, long ago before it was a Scout Camp, two friends roamed the woods regularly, hunting, fishing, and enjoying nature. Late one night these two friends saw what appeared to be a family passing through the woods and they headed over the hills to see who they were. To their surprise, they found the group to be a pack of wolves. The old wolf called them nephews and the boys asked what they were doing. They were hunting, said the Old Wolf, and looking for a place to camp. So they all camped together on the edge of a lake.

The two boys were very cold that night for there were only two logs for the fire, so one of the wolves jumped over the fire and immediately it burned higher. The boys were hungry, so one of the wolves pulled off his moccasin and tossed it to them and told one to pull out the sock. In disgust, the boy threw it back, saying that they did not eat any stinking socks. The wolf said, "You must be very particular if you don't like this food."

He reached into the sock and pulled out a deer tenderloin then reached in again and brought out some bear fat. The boys' eyes popped. One of the boys asked for some of the meat and started to roast it over the fire. Then, imitating the wolf, one of the boys pulled off his moccasin and threw it at the wolf, saying, "Here, you must be hungry. Pull my sock out." But there was no sock, only old dry hay that he used to keep his feet warm. The wolf said he didn't eat hay and the boy was ashamed.

The next day, the wolves left to go hunting, but the father of the young wolves came along with the boys. As they traveled along, they found an old deer carcass. The Old Wolf told one of the boys to pick it up, but he said he didn't want it and kicked it aside. The Old Wolf picked it up and shook it; it was a nice, tanned deerskin which one of the boys wanted, so the Old Wolf gave it to him. They went on, following the wolves. The boys saw blood and soon they came on the pack, all lying asleep with their bellies full; only bones were left. The boys were mad because the young wolves were so greedy and had eaten up all the deer. The Old Wolf then woke up the others and told them to pack the deer for camp. The boys picked up the best bones so they could boil them. When they reached camp, the fire was still burning and Old Wolf told the others to give the boys some meat to cook. One of the wolves came toward them belching and looking like he was going to throw up. Another acted the same way and suddenly, out of the mouth of one came a ham, and some ribs out of the mouth of another. It is said that wolves have a double stomach, and in this way they can carry meat home, unspoiled, to their pups.

Afterwards the boys did not have to leave the camp because the wolves hunted for them and kept them supplied with deer. They would prepare the meat and everyone seemed well off. Toward spring, the Old Wolf said they would be leaving and that the boys would have to return to their own camp. One younger wolf said he thought the boys would be lonesome, so he, one of the best hunters, would stay with them.

All seemed to go well until the two boys began to travel outside their camp at night. It was late one night and the young boys had not returned to their camp. The young wolf grew fearful and began to frantically search the woods for the young boys. In the morning, the boys, who had spent the night scaring the deer, raccoons, and other wild life around the camp, returned to the camp laughing about the mockery they had given to the animals of the forest. Their wolf friend did not return. When Wolf did not return, the boys feared the worst and set out to search for him. At last, they came to a stream that was rapidly becoming a large river and they saw wolf tracks. The boys realized that Wolf had neglected to place a log across the stream. Looking across the swollen river they saw Wolf lying dead – he was a bright white color and seemed to lay there in peace.

Upon returning to camp, a bird was waiting there. Quietly, the bird told the story about how Wolf was so frantically looking for the two boys he was not using his wisdom of the woods. The bird relayed to the boys that the last words spoken by Wolf were that he had to find his nephews so he could protect them and teach them the ways of the woods.

To this day with great sorrow, the boys search the woods for the Old Wolf and the wolf pack they had met a long, long, time ago. The loss of Wolf and the way he died haunts them. Knowing their actions caused the loss of their nephew, and understanding that their foolishness forced them to learn the ways of the woods on their own was a pain very difficult to understand. Still occasionally, the two boys travel the grounds of Camp Tiak, lighting a single torch at night as they settle down to rest and hope that someday, somehow, the wolf pack will return so that they may tell the story of the bravery of Wolf as he tried to find them and teach them. Each night, they review their lessons, many of which they have learned the “hard way”. Their lessons ring hard in their ears each night – the memory of Wolf makes it so. Staying together as buddies; staying true to their outdoor manner; the importance of being prepared; the characteristics of being trustworthy and being honorable, the importance of having respect for fire, the importance of helping all the animals, including the smallest of the forest daily, and the importance of soaring with Eagles as they strive to take care of all things good in the forest of life.
